

Security University is CALSGA's two-day management training program. This class serves as a great refresher for those who desire to brush up on the legalities and complexities of running a security business, a great introduction for those new to operating a PPO or for those looking for advancement within the industry. Sessions are presented by subject matter experts in legal, BSIS Compliance, insurance, human resources, and financial management & responsibility.

The Association plans to host two sessions this year:
March 21st – 22nd Orange County, CA
May 16th – 17th Sacramento, CA

Sponsorship opportunities are first offered to CALSGA Network Partners. Unlike the CALSGA Annual Conference which takes place each October, sponsorship opportunities for Security University are limited to one Gold Sponsor and one Silver Sponsor. Gold and Silver sponsors will not be from the same industry/competitors. Gold sponsorship will be confirmed prior to accepting a silver sponsor.

GOLD SPONSOR
\$2,500 per session
